

Christmas Wishes

It is our sincere desire that all our friends in Costa Rica and around the world be able to fully enjoy and celebrate this season.

May Christmas be an opportunity to share with family and with friends. May it be a time when we all can renew our strength and get ready to welcome year 2010.

The Portasol Team

Progress at Portasol Eco-Community

New handrail along the spa trail

Water drainage head restoration around the Bungalows

Water pressure regulator infrastructure

Storm drainage at entrance of lots 8.9 & 10

What is new in the area?

Portalón's Primary School elected the Education Board for period 2010 - 2012. Guillermo Piedra, Portasol's CEO became a member.

**Weather
These Days !!!
in Portasol**

October was quite dry compared with last year. November was characterized by some afternoons with heavy but short showers. December has been typical: bright days, some winds and stunning sunsets. The first full moon in December left us breathless!!!

Portasol Community Unforgettable Moments!

Thursday November 26, a good number of property owners were visiting Portasol, so the idea to organize an **international potluck lunch** came up. Cazuela Park was the place! We all enjoyed it very much and for some it was a great opportunity to meet new community friends.

Corporate Social Responsibility

2009 Turtle Festival at Matapalo Beach

November 20th to 22th more than 1000 people attended Portasol's nearest beach, Matapalo, where was taking place the 2009 Turtle Festival.

During the event turtles were released (our CEO had the honor to do one!) and many cultural activities took place. Attendees enjoyed Costa Rican's dishes & drinks. The Sand Turtle Sculpture Competition was amazing once again.

Portasol, had the opportunity to sponsor and was member of the Festival Committee. Also we set a booth at the beach and shared with visitors information on our Eco-Community.

Portalón's Initiatives (Construction, garbage collection and tree planting)

Portalón's Community Hall Kitchen was renewed. Portasol was invited to be part of this important project. Our part consisted in donations of some materials and transportation.

Portasol's garbage recycling trailer has been lent to the group organising the garbage collection in Portalón.

Portasol grows and donates trees to the local school for their own funding.
