

III Phase Properties

Portasol Phase III is a truly new jewel within the Project, not only because of its available properties (lots 20 to 39 and lots "Altos de la Cazuela") but because the official opening of the Secondary Road and the new culverts. Also the main road has been re-graveled from the entrance to lots E 2/E5. Check it out in a following picture.

Altos de la Cazuela Lots, are lots located over 1000 ft. above sea level, its sizes go from 2 to 4 acres and its view are Premium. These properties will be ready (title) and basic services by January 2008. Portasol is already selling them under Reciprocal Sales Agreement which consist in a 40% downpayment and 60% in January 2008 keeping the initial price negotiated, no interest meanwhile.

Same treatment for lots 20 to 29 with January 2007 as the date for extending the property title.
